

Generation to Generation has created an Opportunity Finder, which enables older adults in your community to easily find volunteer and stipended opportunities. [VolunteerMatch](#), one of the largest searchable online volunteer sites, powers the backend of the Opportunity Finder. For paid job opportunities, please follow these [posting instructions](#). Paid opportunities are not viewed via the Opportunity Finder.

The instructions below will ensure your listings — or those of your partners, clubs, and affiliates — are included correctly on the Opportunity Finder.

If your organization doesn't already list opportunities on VolunteerMatch:

1. Sign up for a [free membership](#), which includes access to recruitment tools, online connection management, basic tracking and reporting, and the ability to display photos. That free membership allows you to list all of your volunteer opportunities.
2. When adding volunteer opportunities that you want to appear on the Gen2Gen website, you **MUST** select the following:
 - a. **Cause Area:** Select “Children & Youth”

b. **Does this opportunity accommodate special groups?** Check “55+”.

3. **Email us at partnerships@generationtogenation.org OR [complete this brief form](#)** to tell us the organizational name associated with your account so we can confirm all of your opportunities have been pulled into the Opportunity Finder.

have multiple locations and don't centralize volunteer management, please include names of all of your sites with individual VolunteerMatch memberships.

The free membership allows your opportunities to be listed on VolunteerMatch and, if properly tagged, our Gen2Gen Opportunity Finder as well. [Premium membership](#) (\$99/year) provides more robust data analytics and allows your data to be rolled up nationally with other Gen2Gen partners. It also provides additional functionality like custom greetings, donate buttons, volunteer intake questionnaires, and a tool to promote your listings from your own site.

We are exploring the benefits of this increased level of service, including the possibility of providing scholarships for Gen2Gen partners who are unable to cover the cost of premium membership themselves for the duration of the campaign.
